### "Origin of the Bible" Topic of Lesson Series Set by Redondo Church of Christ

A series of lessons on the "Origin of the Bible" is being presented by the Redondo Beach Church of Christ, 6122 Pacific Coast Highway, each Wednesday evening at 7:30 p.m., it was announced today.

How we came to have the Bible in its present form and how to study the New Testament for a fuller appreciation of God's word will be the basis for this series of studies.

**TRANSLATION**

Did a group of men sit down and decide that they would write the Bible for posterity? Did some church in a legislative assembly decide that this was the book that

would be passed on to future generations? What do Bible Teachers mean by manuscripts? How do we know that we have the words of Jesus? What is a translation or version?

These are some of the questions and problems which are being dealt with during this course of study. Perhaps no book in the world is taken so much for granted and so little of its history known. The source of light to millions, the Bible has for hundreds of years been the most important book known to mankind. A perennial best-seller the Bible today is treasured by

men as no other book.

**WITNESSES**

The gospel was first given to the world by spoken words almost 2,000 years ago on Pentecost by living witnesses of the Ministry of Jesus. Trained by Jesus, some of these men set down for posterity the New Testament. Among the New Testament authors, Luke wrote, (Luke 1:1-4), "Forasmuch as many have taken in hand to draw up a narrative concerning those matters which have been fulfilled among us, even as they delivered them unto us, who from the beginning were eyewitness and minis-

ters of the word; it seemed good to me also, having traced the course of all things accurately from the first, to write unto thee in order, most excellent Theophilus; that thou mightest know the certainty concerning the things wherein thou wast instructed."

Now what about these writings? How old are the ancient writings we have today? Are any of the original writings of the apostles extant? How did we come to have the Bible in its present form?

The public is cordially invited to hear these questions discussed during this series of
